MEMORANDUM FOR: Director of Training 26 June 1958

THROUGH : Executive Officer, TR

SUBJECT : Weekly Activities Report No. 21
Instructional Services Branch
18 - 24 June 1958

I. SIGNIFICANT ITEMS

None

II. OTHER ACTIVITIES

A. Film Production

1. Logistics Film

The special showing of this film, scheduled for 26 June, was postponed to a later date. The contractor advised that the answer print contained large white blotches throughout. C/ISB and two persons from our lab spent several hours with the contractor tracing the cause, which was finally pin-pointed to the sub-contractor in Baltimore, who shot the optical effects. This delays completion of this film approximately two weeks.

2. Supervision Films

All three films have been delivered to the contractor, where satisfactory progress is being made in editing.

3. Dead Drop, DDI and Security Films

Nothing to report on these films.

4. Sound Stage

The Public Works Officer advised that although the contract for work on the gym has been let, scarcity of certain materials in this area will necessitate delay of actual construction until late July, with a projected completion date of 15 August. This delay will not affect production plans of the Film Unit.
